Foreword

Abundant Life Christian Academy was founded in 1983 to provide education from a spiritual basis rather than the humanistic or materialistic approach used in the public schools. Our goal in providing this prime education is that it will be, 1. God Centered, 2. Student related, 3. Bible based, 4. Offering Life training. At "ALCA" we are committed to academic excellence! Our emphasis on a biblical perspective for all knowledge does not in any way minimize our dedication to academic excellence. We teach our students how to live - we offer them the very best of an academic education - but at the same time, we teach them to see all life from God's point of view. Christian Education trains a child for life and for eternal life. "Train up a child in the way he should go, and when he is old he will not depart from it."

Proverbs 22:6

A Testimonial:

Bradley - "I never take my work any place but Paris Photo. They don't loose my film because it doesn't leave their shop. I get my pictures in one hour printed with quality and care on good Kodak paper - and they don't charge me for my goofs!"
